

San Bernardino LAFCO Fiscal Indicators

1

City of Big Bear Lake

Report Created:2/5/2020

The City of Big Bear Lake operates with governmental funds and reports one major business-type activity: water utility. The City provides sewer collection and the Big Bear Area Regional Waste Water Authority provides waste water treatment which are user fees collected on the property tax bill. The City provides park and recreation services although the Big Bear Valley Recreation and Park District ("Park District") overlays the City and has facilities within the City. As a municipality, the City is responsible for law enforcement within its boundaries and has chosen to contract with the County for law enforcement services. The City's Department of Water and Power provides retail water service within and outside of the City boundaries (see link below). The Big Bear Lake Fire Protection District is a self-governed subsidiary district of the City, in which the city council is the ex-officio board of directors of the District (see link below). The agency retirement plan is administered by SBCERA. Additional information on the City can be accessed via the link below.

Property Tax Revenue

Description

This indicator will have more importance for those agencies heavily reliant upon property tax revenues. As this revenue source is relatively stable and lags about two years behind changes in market conditions, this indicator can potentially depict the level of stability of an agency's revenue base.

Formula:
property tax revenue

Source:
Statement of
Activities; Statement
of Revenues,
Expenditures and
Changes in Fund
Balance/Net Position

Agency Response

Property Tax Revenue for 2013 increased as a result of one-time revenue being distributed to taxing entities as part of the statewide dissolution of redevelopment agencies which is evident in the graphical displays of property taxes for both the City and Fire Protection District.

City of Big Bear Lake

Report Created:2/5/2020

Sales Tax Revenue (cities)

Description

This indicator can help agencies determine the levels of sales tax revenue that are more sensitive to changes in the economic conditions, possibly impacting their abilities to fund and provide services.

Report Created:2/5/2020

General Fund Revenue (cities)

Description

In most cases, as the percentage of general revenues decreases, a local government loses its ability to respond to changing conditions and to citizens' needs and demands. Decreases in general revenue may also indicate over-dependence on external revenues which are often restricted in nature and could signal future difficulty in maintaining service levels. A ratio of one or higher indicates that the service is self-supporting.

Report Created:2/5/2020

Debt Service (governmental)

Description

Looks at service flexibility by determining the amount of total expenditures committed to annual debt service. Service flexibility decreases as more resources are committed to annual debt service.

Formula:

debt
service/operating
expenditures

Source:

Statement of
Revenues,
Expenditures and
Changes in Fund
Balance

2014	2015	2016	2017	2018
\$407,255	\$432,030	\$475,252	\$46,391	\$746,865
\$30,039,195	\$29,845,245	\$28,801,993	\$31,549,500	\$38,187,066
1.4%	1.4%	1.7%	0.1%	2.0%

Agency Response

The City's graphical display of governmental debt service shows new debt in 2013. This is also part of the dissolution of the City's redevelopment agency. The Department of Finance disallowed debt service payments as an enforceable obligation of the successor agency; thus, the City assumed responsibility for the obligation. This obligation will be paid off February 1, 2016.

Pension Payments (Pre GASB 68: through 2014)

Description

This indicator depicts the relationship between the pension payments as a percentage of an agency's total revenues. Due to updates to pension reporting requirements, this Pension Payments indicator shows data through 2014. GASB 68 revised and established new financial reporting for pensions effective for 2015. For pension payments for 2015 and beyond, please refer to the next fiscal indicator.

Formula:
